

“Yellow Dot” Program

Sheriff Harris Huffman, Jr. encourages you to take advantage of this FREE program.

A “Yellow Dot” in the rear window of your vehicle will alert all First Responders to vital information in your glove compartment (Name, contact person, medical history, allergies, names of doctors, etc.). Having this information will help to ensure that you receive the medical attention you need during that first “Golden Hour” after a crash or other emergency involving your vehicle.

The “Yellow Dot” program is a cooperative effort between local police officers, sheriff’s deputies, state troopers, emergency medical services, local fire departments, and senior centers to assist Dallas County citizens in a time of need when they might not be able to help themselves.

There will be a representative available at the following locations to assist you in signing up for this FREE program:

Saturday, June 4, 2011	10a.m. – 5p.m.	Sardis Volunteer Fire Dept
